

Jack and Jill's Pre-School Summer Term 2 Newsletter

| 07/06/2022 |

Here is our first half termly newsletter! We have decided as a pre school to start to send out a half termly newsletter to help to keep you up to date with key events happening within the pre school and give you the opportunity to see what your children will be exploring during the half term.

Thank you for all of your support last term and I hope that you all had a lovely half term. Thank you for your kind donations during our Jubilee celebrations, we raised a fantastic £32.28. These funds will go towards some more fun activities for the children this term.

Another big thank you for all the pre-loved toys that have been donated to pre-school by parents/carers, for our children to enjoy.

Don't forget...

Our photographer will be in pre-school on Wednesday 15th June at 1:00pm.

All children that are in pre-school that day will have their photos taken. If it is not your child's usual day at pre-school, and you would like to have your child's photo taken, you are welcome to come into pre-school at 1:00pm.

The photographer will also be taking sibling photos. If you would like to bring siblings along for the photos please do so.

You will be given an example photo with prices on which is optional to purchase.

Reminder...

Please can you ensure that all your child's items are named. This is to include their water bottles, coats/jackets, hats and bags. This is to help the pre-school staff and to prevent items getting lost.

Can you also remember to pack a sun hat and sun cream in your child's bag just in case we have some unexpected sunshine in the afternoons ☺

What to expect at pre-school this term...

We have a lot planned over this last term, here is a snippet of what your children will be doing over the next few weeks:

Week 1- World Ocean Week

This week we will be looking at what animals we might see in the Ocean and exploring some sensory trays with the sea animals to touch and feel. We will be looking at recycling and why we should not litter as it affects our Ocean.

Week 2- Healthy Eating

This week we will be looking at the importance of healthy eating and what a healthy diet consists of. We will be creating our own healthy dinner plates and having fun in our Dentist role play area.

Week 3- Sports Week

This week we will be taking part in different sports activities and exploring what happens to our bodies when we do exercise. We will also be looking at people who help us such as fire fighters and the police. We will look at their role in the community, what they do and how help us when we are in need.

Week 4- Children's Art Week

We will be having a look at different artists and re-creating different pieces of art.

Week 5- School Week/Transitioning

This week we will be re-creating a school classroom, having uniform as dress up and looking at photos of some of the children's new classrooms for those children going to school in September.

Week 6- Safety in the sun/holidays

This week we will be looking at safety in the sun and why it is important to wear sun cream and sun hats. We will be having our own summer holiday/camping holiday at pre-school and toasting marshmallows on an open fire.

Week 7- Party Week/Leavers Day

This week is a 3 day week where we will be having lots of party activities/celebrations for the children's last few days at pre-school.

Important Dates

15th June – Photographs 1pm

15th June – Parents to apply for 30 hours code for September (Deadline 31st July)

20th July – Last day of term
